

TAUE Workshop 2019 in OZO

We're redeveloping a fallow field!
2 days! Feel free to come both days!

Peace & Nature is growing rice without any chemical fertilizers or pesticides by using "agricultural fermented pellets" to control weeds, with the help of our neighbors in Ozo, Kita-ku, Kobe. Planting rice is an experience full of excitement and new realizations! This is a fun event for Japanese and non-Japanese to enjoy together. We warmly invite you to join us.

Dates: #1 June. 2Nd, Sat * Rain or shine (Heavy rain, postpone to next day 6/2)

#2 June. 8Th, Sat * Rain or shine (Heavy rain, postpone to next day 6/9)

Location: Peace & Nature OZO base

〒651-1525 47 Hisaihara, OZO-cho, Kita-ku, Kobe
